

EJHP Case report template

TITLE OF CASE
SUMMARY <i>Up to 150 words summarising the case presentation and outcome (this will be freely available online)</i>
BACKGROUND <i>Why you think this case is important for the pharmacist and/or hospital pharmacy practice – why did you write it up?</i>
CASE PRESENTATION <i>Presenting features, symptoms, medical/social/family history of the medication problem, and also the pharmacist actions and/or contribution</i>
INVESTIGATIONS <i>Why choose these particular investigations? How reliable are they? Why were combinations of tests needed? Make sure that the results are presented with the correct international units.</i>
TREATMENT <i>How did you decide on the remedial option that was chosen? For medicines, what were the effects and adverse effects of treatment? How was the success of the action assessed?</i>
OUTCOME AND FOLLOW-UP
DISCUSSION <i>Include a very brief review of similar published cases</i>

LEARNING POINTS/TAKE HOME MESSAGES *3 to 5 bullet points with focus on importance for pharmacists and/or hospital pharmacy practice*

REFERENCES *Was the patient involved in a clinical trial? Please reference related articles*

FIGURES *You may add figures but they should be uploaded separately and NOT be embedded in this document*

PATIENT'S PERSPECTIVE *Optional but strongly encouraged – this has to be written by the patient or next of kin*
